[Letterhead: National American Woman Suffrage Association]

June 14, 1905

Dear Cousin Hannah

I received your letter relative to the Bowen's Corner's House – all right – I don't see any chance for holding that & grandfather's homestead -- in the family – when you and Albert cease to hold on to the latter -- there will be no one who will care for it -- It seems too bad – I would like to go there once more for a reunion of all that are left – but all of our family are gone – who would enjoy it -- and yours – well it will probably never be – so it is no use talking about it – we – Mary & I – will be thankful if we can see you now & then as we pass to and fro --

Now – we shall leave Rochester on the night of the 20th – and get to Chicago about noon -- after sometime I think -- Mrs Gross will meet us -- and take us both to her home – 48 Lake Shore Drive -- unless sister Mary gets a letter from cousin Melissa and that she is home and will be glad to her come to the Walton – in that case she will stop there—

But Mrs. Gross says she can keep us both – so don't take any trouble about the Walton.

Now can't Kate go to Portland

[page 2]

with us – sister Mary would like her company very much – she better be ready to join us -- but we shall see you in Chicago surely -- I write hoping you and cousin Kate will think well of her going with us to Portland.

How beautiful all nature is with her green – of the greenest kind – the castle must be lovely at Lake Geneva now –the woods and field and all.

Affectionately your Cousin,
Susan B. Anthony
