Dear Anna

I have hunted through all the receipe books for the one for "Higdom", from Mrs. Harper's sister - but find only Mrs. Fenner's, which I think you did not use - Do you know where it is? Margaret & I put up 17 qt. cans of tomatoes last week, and when the things for the higdom are ready we will have to tackle it - -

So if you have the receipe in your belongings, please send one with any alterations you may think best as to amount of spices, peppers &C.

We had six extras to tea last night - program committee, for club, - Mrs. Sweet & her mother will be here to tea this p. m. -

Cousin Jessie Anthony came (from California) last Thursday & talks of staying until next week Thursday - two weeks - and going with Susan B to Buffalo the 9th & 10th.

Some convention, National, of Engineers, is being held in the city, & Susan & Jessie will go with the ladies a Tally-ho ride over the city tomorrow.

Now for the work of getting program arranged for the year - Margaret & her mother & uncle went to Buffalo yesterday - It is now delightful weather --

Love to Mrs. Harper

M. S. Anthony
