Monday Dec. 1st/ 62

Dear Mrs. Ingersoll,

I should send you an invitation at once to come and see me if I had not six carpenters at work on the house and a lady friend with her three children stopping by with me. As it is, I want to see you, and shall be in N.Y. on Wednesday (if it do not pour).

Where can I meet you there?

Very truly & cordially,

Your friend,

Lucy Stone
